INDEX OF THE LITERATURE.

SECTION 1.—LARYNGOLOGY AND OTOLOGY—GENERAL AND HISTORICAL.

Achard, C., and Flandin, C. Autoserotherapy in hay fever, urticaria, etc.
Bull. Soc. méd. d. hop., Paris, 1920—XLIV—723.

Adeodato, J. Technical terms in otology.
Brazil méd., Rio de Jan., 1920—XXXIV—321.

Alikhan. Hereditary anosmia and epilepsy.
Rev. de laryngol. (etc.), Paris, 1920—XLI—330.

Beck, J. C. Present status of plastic surgery about ear, face and neck.
Laryngoscope, St. Louis, 1920—XXX—263.

Bloomfield, A. L. Upper air passages as environment for bacterial growth.
Am. Rev. of Tuberculosis, Baltimore, 1920—IV—247.

Costiniu, A. Ear and throat complications of typhus.
Presse méd., Paris, 1920—XXVIII—453.

Cummins, E. J. Oral infection and systemic disease.
Southwest. Med., El Paso, 1920—IV—14.

Farnsler, H. H. Nose and throat lesions associated with pulmonary tuberculosis.
Pennsylvania M. J., Athens, Pa., 1920—XXIII—318.

Finder, G. Rhinologic hints for general practitioner.
Deutsche med. Wchnschr., Berlin, 1920—XLVI—436.

Finder, G. Rhinologic hints for the practitioner.
Deutsche med. Wchnschr., Berlin, 1920—XLVI—466.

Finder, G. Rhinologic hints for the general practitioner.
Deutsche med. Wchnschr., Berlin, 1920—XLVI—524.

Finder, G. Rhinolaryngologic hints for general practitioners.
Deutsche med. Wchnschr., Berlin, 1920—XLVI—606.

Freudenthal, W. New form of medication for nose and nasopharynx.
Laryngoscope, St. Louis, 1920—XXX—381.

Gill, E. G. Headache from standpoint of ophthalmologist and otolaryngologist.
Med. Rec., N. Y., 1920—XCVIII—12.

Got. Spa treatment and otorhinolaryngology.
Jour de méd. de Bordeaux, 1920—XCI—237.

Hicquet. Two simple and practical methods of dressing for the nose and ear.
Rev. de laryngol. (etc.), Paris, 1920—XLI—267.

Houston, D. P. Focal infection from dental standpoint.
Tennessee State M. Ass. J., Nashville, 1920—XIII—104.

INDEX OF TITLES.

ABSCESS brain, J. C. Beck, 520; McCoy, 498.
Abscess cerebellum, P. D. Kerrison, 742; F. Lemaitre, 1; A. Lobell, 704.
Abscess cerebrum, F. Lemaitre, 1.
Abscess extradural, R. H. Good, 54, 259.
Abscess laryngopharynx, C. W. Richardson, 804.
Abscess peritonsillar, J. Holinger, 974; N. Schoolman, 59, 242.
Adenoma mucous glands of mouth, E. H. Hatton, 956.
Amyloid tumor tongue, H. E. Robertson, 773.
Anaphylaxis from absorption in nasal cavity and external auditory meatus, N. Ishida, 219.
Anatomy tonsil, G. B. Wood, 953.
Anesthesia, local, J. A. Thompson, 615.
Angina, Vincent's, F. D. Reckford, 954; C. F. Theisen, 591.
Anomaly pharynx vessel, J. Holinger, 258.
Antrum fibroma, A. A. Hayden, 978.
Auditory canal granulation, Scruton, 750.
Auditory vestibular apparatus in intracranial lesions, E. R. Carpenter, 702.
Auricle syphilis, McCullagh, 499.
Aviators, R. J. Hunter, 433.

BACTERIOLOGY tonsils, D. J. Davis, 721.
Barany tests, H. R. Lyons, 898.
Brain abscess, J. C. Beck, 520; McCoy, 498.
Brain tumor, J. C. Beck, 520.
Brain surgery, F. Lemaitre, 1.
Bronchoscopy, A. E. Goodloe, 710.
Buccal mucous membrane cancer, N. A. Cary, 712.
Buccal mucous membrane syphilis, N. A. Cary, 712.

CALCULUS tonsil, H. L. Swain, 73.
Cancer buccal mucous membrane, N. A. Cary, 712.
Cancer larynx, E. J. Moure, 955; W. H. Pierce, 595, 730.
Cancer lips, N. A. Cary, 712.
Cancer tongue, N. A. Cary, 712.
Carrier diphtheria, S. A. Friedberg, 970.
Carriers, disease, L. H. Spooner, 226.

Cerebellum abscess, F. Lemaitre, 1; P. D. Kerrison, 742; A. Lobell, 704.
Cerebrum abscess, F. Lemaitre, 1.
Chloroma, W. W. Pearson, 806.
Cholesteatoma, J. Holinger, 968, 978.
Cough paroxysmal, T. W. Lewis, 422, 519.

DIPHTHERIA carrier, S. A. Friedberg, 970.
Corti organ, N. Nakamura, 218.
Dacryocystitis, M. Wiener and W. E. Sauer, 706.
Deafness following injury, T. J. Harris, 740.
Deafness psychic, T. J. Harris, 750.
Deformities nasal, 951.
Dermoid mediastinum, R. Sonnenschein, 427, 518.
Deviation nasal septum, W. Spielberg, 952.
Diphtheria paralysis, W. M. Marriott, 714.
Drum tension, E. P. Fowler, 688.
Duct lingual, T. W. Lewis, 422, 519.

EAR polyp, McCullagh, 750.
Efficiency trifles, B. A. Randall, 796.
Emboli air, R. Gording, 293.
Epithelioma lip, lower, E. S. Lain, 957.
Esophagus foreign body, E. W. Carpenter, 679.
Esophagus stricture, C. F. Theisen, 591.
Ethmoid cell, J. Holinger, 258; E. McGinnis, 631, 727.
Ethmoid osteomyelitis, R. H. Skillern, 658.
Extradural abscess, R. H. Good, 54, 259.

FACE mixed tumor, G. B. New, 713.
Falling reaction, R. J. Hunter, 433.
Fibroma antrum, A. A. Hayden, 978.
Fibrotuberculoma larynx, G. Portmann, 709.
Fistula maxillary sinus, C. F. Welty, 707.
Focal infections, J. J. King, 221.
Forceps for tonsil hemorrhage, J. J. Cavanaugh, 257.
Foreign body, esophagus, E. W. Carpenter, 679.
Foreign body, lung, E. W. Carpenter, 679.
Foreign body, trachea, G. W. Boot, 241.
Froelich's syndrome, G. W. Boot, 241.
Frontal osteomyelitis, R. H. Skillern, 650.
Frontal sinus, E. McGinnis, 631, 727; T. W. Moore, 453; N. T. Weinberger and S. Purkiss, 622.
Frontal sinusitis, R. Butler, 666.

GRANULATION auditory canal, Scruton, 750.
Growth intracranial, T. J. Harris, 747.

HAY fever, C. Walker, 705; W. Walter, 708.
Head injuries, war, C. J. Davis, 515.
Head surgery, M. A. Goldstein, 128.
Hemilaryngectomy, Bremond, 956.
Hemolytic streptococci after tonsillectomy, H. B. Van Dyke, 709.
Hemophilia, A. A. Hayden, 37, 252.
Hemorrhage tonsil forceps, J. A. Cavanaugh, 257.

INFECTIONS, focal, J. J. King, 221.
Influenza epidemic G. Fetterolf and W. J. Rideout, 44.
Intracranial growth, T. J. Harris, 747.
Intracranial lesions involving auditory vestibular apparatus, E. R. Carpenter, 702.
Intranasal drainage, E. McGinnis, 631, 727.

JUGULAR internal, Rae, 741.
Jugular ligation, O. M. Rott, 820.

LABYRINTH, R. J. Hunter, 433.
Labyrinth symptoms, J. R. Page, 405.
Labyrinthitis, E. P. Fowler, 736.
Lateral sinus thrombosis, J. F. Barnhill, 704; H. L. Baum, 440; W. P. Eagleton, 499; J. Friedman and S. D. Greenfield, 950; F. T. Hill, 829; J. R. Page, 744; O. M. Rott, 820.

Laryngectomy, E. J. Moure, 955.
Laryngitis, W. P. Eagleton, 231.
Laryngofissure, N. H. Pierce, 595, 730.
Laryngopharynx abscess, C. W. Richardson, 804.
Laryngoscopy direct, S. A. Friedberg, 410, 503.
Laryngoscopy indirect, O. Freer, 503.
Laryngoscopy suspension, R. C. Lynch, 471, 503.
Larynx cancer, E. J. Moure, 955; N. H. Pierce, 595, 730.
Larynx fibrotuberculoma, G. Portmann, 709.
Larynx leucoplakia, N. H. Pierce, 33.
Larynx tuberculosis, W. Freudenthal, 545; J. A. Pratt, 401.
Larynx wound, E. McGinnis, 717.
Leucoplakia laryngis, N. H. Pierce, 33.
Lingual duct, T. W. Lewis, 422, 519.
Lips cancer, N. A. Cary, 712.
Lip, lower, Epithelioma, E. S. Lain, 957.
Lips, syphilis, N. A. Cary, 712.
Lung, foreign body, E. W. Carpenter, 679.

MACROCHEILIA, E. H. Hatton, 956.
Malignant tumor maxillary sinus, G. B. New, 220.
Malignant tumor, nose, R. Sonnenschein, 712.
Malignant tumor, throat, R. Sonnenschein, 712.
Mastoid disease, Saunders, 749.
Mastoiditis, A. B. Dueal, 741.
Mastoiditis, W. C. Phillips, 227; R. P. Stoops, 695.
Mastoiditis jugodigastric, Mouret, 951.
Mastoid operation, P. Hammond, 586; J. D. Richards, 494.
Mastoid perforation, N. Schoolman, 257.
Mastoid periostitis, S. Salinger, 943, 966.
Mastoid radiogram, MacPherson, 748.
Maxillary sinus fistula, C. F. Welty, 707.
Maxillary sinusitis, G. Koide, 222; H. B. Lemere, 88; Liebault, 952; R. H. Skiller, 437.
Maxillary sinus, puncture, R. Gording, 293.
Maxillary sinus, tumors malignant, G. B. New, 220.
Mediastinum dermoid, R. Sonnenschein, 427, 518.
Meningitis, R. Butler, 666.
Meningitis otitic, J. Holinger, 968.
Meningitis suppurative, E. P. Fowler, 736.
Middle ear air pressure, E. P. Fowler, 688.
Military service, H. A. Barnes, 94; T. P. Berens, 95; H. S. Birkett, 98; J. H. Bryan, 102; R. B. Canfield, 104; G. M. Coates, 106; G. H. Cocks, 120; G. Fetterolf, 121; S. A. Friedberg, 122; M. A. Goldstein, 128; D. C. Greene, 133; J. B. Greene, 140; T. H. Halstead, 141; T. J. Harris, 144; H. Hastings, 150; C. R. Holmes, 152; J. M. Ingersol, 158; R. Levy, 159; H. W. Loeb, 165; J. L. Lowman, 171; J. F. McKernon, 172; H. P. Mosher, 184; F. R. Packard, 193; N. H. Pierce, 196; D. Roy, 197; E. W. Richardson, 199; G. O. Shambaugh, 201; B. R. Shurley, 205; R. H. Skillern, 206; H. L. Wagner, 212; G. B. Wood, 214; J. G. Wilson, 217.
Molar osteomyelitis, R. H. Skillern, 650.
Motor oculi nerve paralysis, De Lamothe, 950.
Mouth mixed tumor, G. B. New, 713.

NASAL deformities, W. W. Carter, 951.
Nasal septum deviation, W. Spielberg, 952.
Nasopharynx sarcoma, D. Roy, 366.
Neurootology, C. G. Crane, 879.
Nose, bone transpant, G. W. Boot, 716.
Nose septum resection, J. A. Cavanaugh, 267; L. Klemptner, 447.
Nose tuberculosis, G. E. Shambaugh, 582.

ORCHITIS metastatic, McCullagh, 750.
Organ corti, N. Nakamura, 218.
Osteomyelitis ethmoid, R. H. Skillern, 650.
Osteomyelitis frontal, R. H. Skillern, 650.

Osteomyelitis molar, R. H. Skillern, 650.
Osteomyelitis sphenoid, R. H. Skillern, 650.
Otitic meningitis, J. Holinger, 968.
Otitis media, A. Lewy, 247.
Osteomyelitis superior maxilla, R. H. Skillern, 650.
Otitis media suppurativa, J. R. Page, 405.

Otolaryngology, Camp Lewis, R. Levy, 159.
Otolaryngology in war, H. P. Mosher, 184.
Otolaryngology school, T. J. Harris, 144.
Otology literature, 1919, O. M. Rott, 455.

PARAFFINOMA, H. L. Pollock, 960.
Paralysis diphtheritic, W. M. Marriott, 714.
Paralysis motor oculi nerve, De Lamothe, 950.
Paramastoiditis temporozygomatic, Mouret and Seigneurin, 949.
Paranasal sinus disease, L. W. Dean, 675.
Paranasal sinuses, L. W. Dean and M. Armstrong, 602, 718.
Pathology tonsil, G. B. Wood, 953.
Periostitis mastoid, S. Salinger, 943, 966.
Peritonsillar abscess, J. Holinger, 974; N. Schoolman, 59, 242.
Pharynx sarcoma, C. F. Theisen, 571.
Pharynx syphilis, C. F. Theisen, 591.
Pharynx vessel anomaly, J. Holinger, 258.
Physiology tonsil, G. B. Wood, 953.
Plastic surgery, F. Smith, 958.
Polyp ear, McCullagh, 750.
Psychic deafness, T. J. Harris, 750.

RADIOGRAM mastoid, MacPherson, 748.
Radium, R. Sonnenschein, 712.
Radium in enlarged thymus gland, H. W. Brayton and A. C. Heublein, 711.
Rectus, external paralysis, J. R. Page, 744.
Respiratory diseases, prevention, C. Lynch, 957.

SADDLE nose, A. A. Hayden, 978.
Sarcoma nasopharynx, D. Ray, 366.
Sarcoma pharynx, C. F. Theisen, 591.
Septum nasal deviation, J. A. Cavanaugh, 267; L. Klemptner, 447; W. Spielberg, 952.
Septum nose resection, J. A. Cavanaugh, 267.
Sinus disease, L. W. Dean, 675.
Sinus frontal, E. McGinnis, 631, 727; T. W. Moore, 453; N. S. Weinberger and S. Purkiss, 622.
Sinus lateral thrombosis, J. Friedman and S. D. Greenfield, 950; J. R. Page, 744.
Sinus maxillary puncture, R. Gording, 293.
Sinus paranasal, L. W. Dean and M. Armstrong, 602, 718.
Sinusitis frontal, R. Butler, 666.
Sinusitis maxillary, G. Koide, 222; H. B. Lemere, 88; Liebault, 952; R. H. Skillern, 437.
Sinus maxillary fistula, C. F. Welty, 707.
Sinus maxillary, tumors malignant, G. B. New, 220.
Sinus thrombosis, J. F. Barnhill, 704; H. L. Baum, 440; A. B. Duel, 235; W. P. Eagleton, 499; F. T. Hill, 829; O. M. Rott, 820.
Sphenoid osteomyelitis, R. H. Skillern, 650.
Sphenoid osteomyelitis, R. H. Skillern, 650.
Spine, A. L. Baruch and H. A. Murray, 223.
Stapes dislocation, E. B. Dench, 749; J. D. Richards, 494.
Stricture esophagus, C. F. Theisen, 591.
Submucous resection, W. W. Carter, 951; J. A. Cavanaugh, 267; L. Klemptner, 447.
Subarachnoid spaces, F. Lemaitre, 1.
Superior maxilla osteomyelitis, R. H. Skillern, 650.
Supratentorial tumors, H. R. Lyons, 898.

Surgery plastic, F. Smith, 958.
Suspension laryngoscopy, R. C. Lynch, 417, 503.
Syphilis, J. N. Roy, 79.
Syphilis auricle, McCullagh, 499.
Syphilis buccal mucous membrane, N. A. Cary, 712.
Syphilis, lips, N. A. Cary, 712.
Syphilis pharynx, C. F. Theisen, 591.
Syphilis tongue, N. A. Cary, 712.

TETANY, A. L. Baruch and H. A. Murray, 223; P. H. Poppens, 958.
Throat mixed tumor, G. B. New, 713.
Thrombosis lateral sinus H. L. Baum, 440; A. B. Duel, 235; W. P. Eagleton, 499; J. Friedman and S. D. Greenfield, 950; F. T. Hill, 829; J. R. Page, 744; O. M. Rott, 820.
Thymus gland enlargement, H. W. Brayton and A. C. Heublein, 711.
Thyrotomy, E. J. Moure, 955.
Thyroidectomy, P. H. Poppens, 958.
Tongue amyloid tumor, H. E. Robertson, 773.
Tongue cancer, N. A. Cary, 712.
Tongue syphilis, N. A. Cary, 712.
Tonsil anatomy physiology and pathology, G. B. Wood, 953.
Tonsils, bacteriology, D. J. Davis, 721.
Tonsil calculus, H. L. Swain, 73.
Tonsil hemorrhage forceps, J. A. Cavanaugh, 257.
Tonsil infection, J. D. Davis, 708.
Tonsillectomy, J. Hollinger, 974; J. A. Thompson, 615; W. St. Lawrence, 952.
Tonsillectomy, W. St. Lawrence, 952.
Trachea foreign body, G. W. Boot, 241.
Trifles, efficiency, B. A. Randall, 796.
Tuberculoma larynx, J. A. Pratt, 401.
Tuberculosis larynx, W. Freudenthal, 545.
Tuberculosis nose, G. E. Shambaugh, 582.
Tuborrhea, H. J. Lillie, 658.
Tumor brain, J. C. Beck, 520.
Tumor endocranial, H. R. Lyons, 898.
Tumor mixed face, G. B. New, 713.
Tumor mixed mouth, G. B. New, 713.
Tumor mixed throat, G. B. New, 713.
Tumor malignant throat, R. Sonnenschein, 712.
Tumor malignant nose, R. Sonnenschein, 712.
Tumor malignant maxillary sinus, G. B. New, 221.
Tumor supratentorial, H. R. Lyons, 898.
Tympanic Membrane syphilis, J. Möller, 911.
Tympanic membrane color, P. D. Kerrison, 750.

VESTIBULAR examination, L. Fisher, 985.
Vestibular sense, F. J. Martel and J. H. Jones, 859.
Vincent's angina, F. D. Reckford, 954; C. F. Theisen, 591.

WAR injuries, head, C. J. Davis, 515.
Wound larynx, E. McGinnis, 717.

Annals of Otology, Rhinology and Laryngology

TABLE OF CONTENTS.

I.—Walling Off the Subarachnoid Spaces; Its Application to the Treatment of Cerebral and Cerebellar Abscess of Otitic Origin, and, in a General Way, to the Surgery of the Brain. By FERNAND LEMAITRE, M. D., Paris 1

II.—Leucoplakia Laryngis. By NORVAL H. PIERCE, M. D., Chicago 33

III.—Hemophiliac Type Hemorrhage—Treatment by Transfusion. By AUSTIN A. HAYDEN, M. D., Chicago 37

IV.—The Otolaryngologic Features of the Influenza Epidemic at Camp Hancock, Georgia, September-December, 1918. By GEORGE FETTEROLF, A. B., M. D., Sc. D., Formerly Major, M. C., U. S. Army, Philadelphia, Pa., and WILLIAM J. RIDEOUT, M. D., Formerly Captain, M. C., U. S. Army, Freeport, Ill. 44

V.—Extradural Irritation and Abscess. By R. H. GOOD, M. D., Chicago 54

VI.—Contribution to the Etiology of Peritonsillar Abscess; Dental Origin. By N. SCHOOLMAN, M. D., Chicago 59

VII.—Recurrent Calculus of the Tonsil. Report of a Case. By HENRY L. SWAIN, M. D., New Haven, Conn 73

VIII.—Syphilis Among the Negroes of Africa and Its Manifestations in Otorhinolaryngology. By J. N. ROY, M. D., Montreal 79

IX.—The Diagnosis and Treatment of Latent Antrum Disease. By H. B. LEMERE, M. D., Omaha, Neb. 88

X.—Military Service of CAPTAIN HARRY A. BARNES, M. C., U. S. A., Boston 94

XI.—Military Service of T. PASSMORE BERENS, M. D., New York 95

XII.—Military Service of BRIGADIER GENERAL H. S. BIRKETT, C. B., Montreal 98

XIII.—Military Service of JOSEPH H. BRYAN, M. D. 102

XIV.—Military Service of MAJOR R. BISHOP CANFIELD, M. C., U. S. A., Ann Arbor 104

XV.—Military Service of GEORGE MORRISON COATES, Lieut. Col., M. C., U. S. A., Philadelphia 106

XVI.—Military Service of Major Gerard Hutchison Cocks, M. C., U. S. A. 120
XVII.—Military Service of Major George Fetterolf, M. C., U. S. A., Philadelphia 121
XVIII.—Experiences and Observations in the Service. By Major Stanton A. Friedberg, M. C., U. S. A., Chicago 122
XIX.—Descriptive and Statistical Report, Department of Head Surgery, Base Hospital, Camp Dodge, Iowa. By Major M. A. Goldstein, M. C., U. S. A., St. Louis 128
XX.—Report on Service in the Army. By Captain D. Crosby Greene, M. C., U. S. A., Boston 133
XXI.—Military Service of Senior Lieutenant Joseph B. Greene, M. S., U. S. A., Asheville, N. C. 140
XXII.—Military Service of Major Thomas H. Halstead, A. R. C., Syracuse, New York 141
XXIII.—An Account of the Organization and Development of the School of Otolaryngology, Camp Greenleaf, Chickamauga Park, Ga. By Lieut. Col. Thomas J. Harris, M. R. C., U. S. A., New York 144
XXIV.—Military Service of Hill Hastings, M. D., Los Angeles 150
XXV.—Report of Ear, Nose and Throat Department, Base Hospital, Camp Sheridan, Ohio. By Major C. R. Holmes, M. C., Cincinnati 152
XXVI.—Military Service of Lieut. Col. J. M. Ingersoll, M. C., U. S. A., Cleveland 158
XXVII.—Otolaryngology at Camp Lewis. By Major Robert Levy, M. C., U. S. A., Denver 159
XXVIII.—Military Service of Hanau W. Loeb, M. D., St. Louis 165
XXIX.—War Activities of Major John L. Lowman, M. D., Cleveland 171
XXX.—A Brief Report of the Activities of the Department of Otolaryngology of the American Expeditionary Forces, France. By Col. James F. McKernon, M. C., U. S. A. 172
XXXI.—Otolaryngology in the War. By Col. Harris P. Mosher, M. C., U. S. A., Boston 184
XXXII.—Personal Observations in Otolaryngology in France During the War. By Major Francis R. Packard, M. C., Philadelphia 193

XXXIII.—Military Service of Major Norval H. Pierce, M. C., U. S. A., Chicago.....196
XXXIV.—Brief History of the Emory Unit. By Surgeon-in-Charge Major Dunbar Roy, M. C., U. S. A., Atlanta..197
XXXV.—Military Service of Colonel Charles W. Richardson, M. R. C., U. S. A., Washington.....199
XXXVI.—Military Service of Major George E. Shambaugh, M. C., U. S. A., Chicago.....201
XXXVII.—Military Service of Lieut. Col. Burt R. Shurly, M. C., U. S. A., Detroit.....205
XXXVIII.—Laryngology in an American Base Hospital Center, France. By Ross Hall Skillern, M. D., Philadelphia.....206
XXXIX.—Military Service of Major Henry Louis Wagner, M. C., U. S. A., San Francisco.....212
XL.—Military Service of Major George B. Wood, M. C., U. S. A., Philadelphia.....214
XLI.—Military Service of Captain J. Gordon Wilson, C. A., M. C., Chicago.....217
XLII.—Serious Complications in the Puncture of the Maxillary Antrum. Investigations, by Experiments on Animals, of the Reflexes Produced from the Mucous Membrane of the Antrum. Air Emboli After Antrum Puncture. By Reidar Gording, M. D., Kristiania, Norway.....293
XLIII.—Case of Sarcoma of the Nasopharynx with Some Interesting Features. By Dunbar Roy, A. B., M. D., Atlanta, Ga.....366
XLIV.—A New Tonsillectomy Technic. By Bertram C. Davies, M. D., Los Angeles.....396
XLV.—Tuberculomata of the Larnx. By J. A. Pratt, M. D., F. A. C. S.....401
XLVI.—The Report of a Case of Chronic Suppurative Otitis Media with Interesting Labyrinthine Symptoms and Operative Findings. By John Randolph Page, M. D., New York.....405
XLVII.—Direct Laryngoscopy. By Stanton A. Friedberg, M. D., Chicago.....410
XLVIII.—Suspension Laryngoscopy as a Means of Diagnostic and Operative Approach to the Larynx. By R. C. Lynch, M. D., New Orleans.....417

XLIX.—The Lingual Duct in the Production of Paroxysmal Cough. By THOMAS W. LEWIS, M. D., Chicago.....422

L.—Dermoids of the Anterior Mediastinum with Report of a Case. By ROBERT SONNENSCHEIN, M. D., Chicago.....427

LI.—The Falling Reaction in Acrobatic Aviators. By ROBERT J. HUNTER, M. D., Philadelphia.....433

LII.—A New or Hitherto Undescribed Form of Maxillary Sinusitis. By Ross HALL SKILLERN, M. D., Philadelphia..437

LIII.—Thrombosis of the Lateral Sinus Without Sepsis. By HARRY L. BAUM, M. D.....440

LIV.—An Original Method of Submucous Operation on the Septum. By L. KLEMPTNER, M. D., Seattle.....447

LV.—Some Observations on Diseases of the Frontal Sinus. By T. W. MOORE, M. D., Huntington, W. Va.....453

LVI.—The Possibilities of Curing Advanced Laryngeal Tuberculosis. By WOLFF FREUDENTHAL, M. D., New York..545

LVII.—An Unusual Type of Nasal Tuberculosis. By GEORGE E. SHAMBAUGH, M. D., Chicago.....582

LVIII.—Observations of the Healing Processes Following Mastoid Operations. By PHILIP HAMMOND, M. D., Boston 586

LIX.—Case Reports: (1) A Case of Multiple Strictures of the Esophagus, Apparently Cured by Repeated Dilatation with Graduated Bougies; (2) Report of a Case of Syphilis, Vincent's Angina and Sarcoma of the Pharynx, Following Each Other in the Order Named. By CLEMENT F. THEISEN, M. D., Albany 591

LX.—Laryngofissure for Carcinoma, with Demonstration of Specimen. By NORVAL H. PIERCE, M. D., Chicago.....595

LXI.—The Occasional Necessity of Doing Radical Operations on the Paranasal Sinuses in Children, with Report of Cases. By L. W. DEAN, M. D., Iowa City, Iowa, and M. ARMSTRONG, M. D., Iowa City, Iowa.....602

LXII.—Nerve Blocking for Local Anesthesia in Tonsillectomy. By JOHN A. THOMPSON, M. D., Cincinnati.....615

LXIII.—Case of Unusually Large Frontal Sinus. By N. S. WEINBERGER, M. D., and SYDNEY PURKISS, Robert Packer Hospital, Sayre, Pa.....622

LXIV.—Intranasal Drainage of the Frontal Sinus and Anterior Ethmoid Cells. By EDWIN MCGINNIS, A. B., M. D., F. A. C. S., Chicago 631

LXV.—A Case of Extensive Osteomyelitis Involving the Superior Maxillary, Malar, Frontal, Ethmoid and Sphenoid Bones. By Ross HALL SKILLERN, M. D. 650

LXVI.—Observations on the Management of Tuborrhea. Report of a Series of Twenty-five Cases. By H. I. LILLIE, M. D., Section on Otolaryngology, Mayo Clinic, Rochester, Minn. 658

LXVII.—Meningitis Due to Frontal Sinus Suppuration, with a Report of Three Fatal Cases. By RALPH BUTLER, M. D., Philadelphia 666

LXVIII.—The Treatment of Nasal Accessory Sinus Disease in Infants and Young Children. By L. W. DEAN, M. D., Iowa City 675

LXIX.—Forty Foreign Bodies in the Lungs, Esophagus and Intestines. By E. W. CARPENTER, M. D., Greenville, S. C. 679

LXX.—Drum Tension and Middle Ear Air Pressures: Their Determination, Significance and Effect Upon the Hearing. By EDMUND PRINCE FOWLER, M. D., New York City. 688

LXXI.—The Mortality from Mastoiditis in the U. S. A. Base Hospital at Camp Pike, Ark. By R. P. STOOPS, M. D., formerly Capt. M. C., U. S. A., Base Hospital, Camp Pike, Ark., Scottsbluff, Neb. 695

LXXII.—Local Amyloid with Special Reference to Socalled Amyloid Tumors of the Tongue. By H. E. ROBERTSON, M. D., Minneapolis 773

LXXIII.—Trifles That Count for Efficiency. By B. ALEXANDER RANDALL, M. D., Philadelphia 796

LXXIV.—Acute Abscess of the Lateral Wall of the Laryngopharynx. By CHARLES W. RICHARDSON, M. D., Washington 804

LXXV.—Chloroma with Special Reference to Ear, Nose and Throat Manifestations, with Report of Two Cases. By W. W. PEARSON, M. D., Des Moines, Iowa 806

LXXVI.—Concerning the Question of Jugular Ligation in Sinus Thrombosis. By OTTO M. ROTT, M. D., Spokane, Wash. 820

LXXVII.—Lateral Sinus Thrombosis, with Report of Seven Cases. By FREDERICK T. HILL, M. D., Waterville, Maine..829
LXXVIII.—The Education of the Vestibular Sense. By FRED J. MARTEL and ISAAC H. JONES, M. D., Los Angeles..859
LXXIX.—Neurootology. By C. G. CRANE, M. D., Brooklyn 879
LXXX.—Barany Tests in Supratentorial Tumors Proved by Operation or Necropsy. By HORACE RAYMOND LYONS, M. D., Section on Otology, Rhinology and Laryngology, Mayo Clinic, Rochester, Minn. 898
LXXXI.—Primary Periostitis of the Mastoid. By SAMUEL SALINGER, M. D., Chicago 943

DIGEST OF AMERICAN OTOLOGIC LITERATURE FOR YEAR 1919. By OTTO M. ROTT, M. D., Spokane.....455
